Roll No. 17260U

6th October, 2026

Subject: Primary School Survey – Update

To whom it may concern,

Thank you for your feedback on the Primary School Survey and our school's results. We greatly appreciate your time and consideration of this important matter.

The Board of Management has now considered the survey results and reviewed all feedback from parents, staff, students and the wider community. After careful consideration, and noting the overall preference expressed in the survey results, we have decided not to explore a change in configuration for Scoil an Linbh Íosa for the following reasons:

1. **Co-education:** 100% of respondents supported retaining the school's co-educational model.
2. **Language of instruction:** 92% of respondents preferred education through English.
3. **Patronage:** 64% of respondents preferred the school's existing denominational patronage.

Thank you again for your engagement and support.

Yours sincerely,

C. Feeney
Chairperson

Marian Carr
Principal
